1 GENERAL CONDITIONS

- a) These General Terms and Conditions (“Terms” or “GTC”) apply to the use of the System and all other services (collectively the “Services”) of the Company, and to the entities that use the Services directly or indirectly (“You” or “Customer”). Customer can use the Services to allow users of Customer’s product or service (the “End Users”) an integration of their health- and wellbeing-related data.
- b) Company only provides the Services under these Terms to Customers who are not consumers within the meaning of Section 13 of the German Civil Code (BGB). Use of the Services is thus not permitted if it cannot be attributed either to the Customer’s commercial or self-employed professional activity.

2 DATA PRIVACY

- a) You agree to protect End Users’ privacy in a manner consistent with applicable privacy protection laws.
- b) The parties acknowledge that the Company provides Services to the Customer’s End Users on behalf of the Customer. Any data generated by providing this Service within the Company’s systems (“Customer Data”) is owned by the Customer’s End User. In providing the Service, the Company will duly fulfil all its obligations towards the Customer’s End User with regards to data privacy regulations.

3 LICENSED SERVICES

- a) Company hereby grants a limited, non-exclusive, non-transferable and terminable license to you (“Customer”) to access and use the Services and shall make the Services you license from Company available to Customer solely for the purposes contemplated herein, pursuant to this GTC and during the term of this GTC. You agree that your payment obligations hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written public comments made by us regarding future functionality or features.
- b) Overview
 - i. Company provides the necessary means to Customer to make use of its service: via (1) integration of health SDK(s) and use of the Company API or via (2) the use of the Explorer SDK.

- ii. Company's maintenance includes (1) integration of releases of updates of features and functionalities included in the System and (2) patching/bugs correction. It does not include any maintenance of content.
- c) Services and Customer Data
- i. The Services enable Customer to offer integration of individual health and wellbeing related data into his Product to his End Users. End Users may choose to do so at their sole discretion.
 - ii. Customer may permit its third party contractors, subject to confidentiality and use obligations at least as restrictive as those set forth in this GTC, to access and use the Services solely in connection with services provided by such third party contractors to Customer.
 - iii. The terms of this GTC shall also apply to any modules or features subsequently provided by Company to Customer, and/or that have been licensed by Customer that augment or enhance the Services.
 - iv. Company shall host the Services and may update the functionality and user interface of the Services from time to time in its sole discretion as part of its ongoing mission to improve the Services and Customers' user experience.
 - v. Company strives to improve the understanding of wearable data and will continuously research and validate deriving new or additional information from processed data, also with external research partners. In accordance with privacy regulations, Company will only use completely anonymized data for this purpose.
 - vi. No other rights with respect to the Services are granted under this GTC. Without limiting the generality of the foregoing, the Customer's use of the Services is subject to the payment obligations set forth in the 4 FEES AND PAYMENTS Section of this GTC.
- d) Upgrades
- i. "Upgrades" means new versions of, and updates to, the Company's Services, whether for the purpose of fixing an error, bug or other issue in the Company's system or enhancing the functionality of the system.
 - ii. Customer acknowledges that from time to time the Company may apply upgrades to the System, and that such upgrades may result in changes of appearance and/or functionality of the Services.
 - iii. Upgrades that require technical changes on the side of Customer to allow continuity of Service use will be announced four weeks in advance, if not required more urgently by law or public authority.
- e) Restrictions
- i. The license granted in this GTC and Customer's use of the Services shall not include sub-licensing, renting or time-sharing of the Services.
 - ii. Customer agrees that the license granted herein is not a concurrent user license and that the rights granted to Customer are provided to Customer on the condition that Customer does not (and does not allow any third party to) copy, create a derivative work of, reverse engineer, reverse assemble, disassemble, or decompile the Services or

- any part thereof otherwise attempt to discover any source code, modify the Services in any manner or form, or use unauthorized modified versions of the Services, including (without limitation) for the purpose of building a similar or competitive product or service or for the purpose of obtaining unauthorized access to the Services.
- iii. Customer is expressly prohibited from sublicensing use of the Services to any third parties except to the extent necessary for a Customer to provide services to its members. Customer agrees that Company shall own all rights, title and interest in and to all intellectual property rights in the Services.
 - iv. Except as provided in this GTC, the license granted to Customer to use the Services does not convey any rights in the Services, expressed or implied, or ownership in the Services or any intellectual property rights thereto. Any rights not expressly granted herein are reserved by Company.
- f) Customer Support
- i. Customer will be responsible for receiving and responding to all calls for support from any Customer members or users (End Users) for the Services and for performing initial problem analysis, diagnosis, and replication of the problem at Customer's location. Problems will be deemed replicated if they occur persistently, if it seems reasonably likely they originate in the Services, and if Customer reasonably cooperates with Company by providing logs and other information about the problem, its occurrences, and provides assistance to Company to help isolate the problem.
 - ii. Company provides online and email technical support. Customer shall contact Company Support by email at the following address: support@thryve.health. In order for Company to process Customer's support request, Customer shall: (1) Identify him or herself and the part of the Service affected, (2) Describe the nature of the outage, (3) Provide contact information in the form of email for follow up communications.
 - iii. Exceptions: Company has no obligation to provide support services for problems in the operation or performance of the Services caused by a non-Company software or hardware product. If Company determines that it is necessary to perform support services for a problem caused by a Customer-generated error, then Company will notify Customer thereof as soon as Company is aware of such Customer-generated error and, upon Customer's written request, Company will perform such professional services and invoice Customer at Company's then-current time and materials rates for all such professional services performed by Company.

4 FEES AND PAYMENTS

Fees and payments are set forth in the Enterprise Service Agreement between Customer and Company.

5 SERVICE LEVEL AGREEMENT

a) Companies duties

- i. Company will apply all commercially reasonable efforts to deliver its services in accordance with a Service Availability threshold of 99.9%. The availability refers to the proportion of the time in which it was possible for the Customer to access the Health API with an existing Internet connection (plus the time period in which access was not possible due to planned maintenance work or disruptions outside of Company's control), in proportion to the length of one month. In case of potential incidents, we will recognize the credits detailed at 5 SERVICE LEVEL AGREEMENT a) iii.
- ii. Planned outage and maintenance will be communicated in advance and will be performed with the aim of interrupting the Service as little as possible.
- iii. For the purpose of the recognition of credits we will monitor our API service unavailability on a monthly basis and refund Customer based on the following table. This refund of service credits shall be a Customer's exclusive remedy.

API service availability	Refund percentage
From 98.0 to 99.9%	10%
From 95.0 to 98.0%	30%
Less than 95.0%	50%

- iv. The eligible service credits refund to a Customer is calculated based on the unavailability level reported by the Company's monitoring system.
- v. Reimbursements made in respect of compensation under this paragraph will be provided as free Service credits from the next subscription period, following the occurrence of the unavailability or service malfunctions for which Company may be held liable. Customers may make a claim by sending an email at support@thryve.health within one (1) month after the unavailability is detected and for which Customer would seek the compensation provided for in the terms of this paragraph.
- vi. The total service credits provided by Company to a Customer in any given month shall in no circumstances exceed the price paid by the Customer for the Service during that month.

b) Customers duties

- i. To ensure service availability, Customer will inform Company about the monthly forecasted number of End User access to the service on a yearly basis.
- ii. If Customer expects a substantial increase in End User access to the Services, e.g. due to roll-out of the Service in a new product or territory, Customer will inform Company accordingly at least two weeks before the expected increase.
- iii. In the event that any of the components of the Service is unavailable or malfunctions, Customer shall contact Company via support@thryve.health.

6 CONTENT RESPONSIBILITY

- a) In using the Services, Customer understands that it is liable for all information, in whatever form, made available to Customer's customers (End Users) via the Services provided by Company ("Information"). Customer agrees not to use the Services to:

This section shall survive the termination of this GTC with respect to data transmitted hereunder prior to the date of termination.
- e) Company will not contact a Customer with third party advertising or promotion without such Customer's explicit permission.
- f) Customer further acknowledges that Company may, in its sole discretion, preserve or disclose any data provided by or for Customer, as well as Customer's information, such as e-mail addresses, IP addresses, timestamps, and other user information, if required to do so by law or in the good faith belief that such preservation or disclosure is reasonably necessary to comply with the legal process, enforce these Terms, respond to claims that any content provided by or for Customer violates the right of third-parties; or to protect the rights, property, or personal safety of Company, its users or the general public.

Further, Customer agrees that Company shall not be liable to Customer or any third party for any termination of such access to the Services. Further, Customer agrees not to attempt to use the Services after said termination.

Customer agrees that Company shall not be liable to Customer or to any third party for any modification, suspension or discontinuance of the Services.

CUSTOMER EXPRESSLY UNDERSTANDS AND AGREES THAT COMPANY SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES, INCLUDING BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, DATA OR OTHER INTANGIBLE LOSSES (EVEN IF COMPANY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES), RESULTING FROM: (i) THE USE OR THE INABILITY TO USE THE SERVICE; (ii) UNAUTHORIZED ACCESS TO OR ALTERATION OF YOUR TRANSMISSIONS OR DATA; OR (iii) ANY OTHER MATTER RELATING TO THE SERVICES. - f) Company's failure to exercise or enforce any right or provision of this GTC shall not constitute a waiver of such right or provision. If any provision of this GTC is found by a court of competent jurisdiction to be invalid, the parties nevertheless agree that the court should endeavor to give effect to the parties' intentions as reflected in the provision, and the other provisions of this GTC remain in full force and effect. Customer agrees that regardless of any statute or law to the contrary, any claim or cause of action arising out of or related to use of the Services or this GTC must be filed within one year after such claim or cause of action arose or be forever barred.
